SUMMARY

Aspiring software developer with Full Stack training experience, known for dedication and problem-solving. Completed all projects on a mobile device and earned public recognition, a laptop, and an internship offer.

EXPERIENCE

Web Developer

Elevate Labs   **May 2025 – June 2025, Bengaluru , Karnataka**

- Engineered responsive and interactive web applications, leading to a **35% increase in user engagement** and a **20% improvement in mobile responsiveness scores** for Elevate Labs' digital products.
- Implemented interactive web features that boosted **average site visit duration by 25%** and improved user interaction rates using innovative design techniques and robust JavaScript-based solutions.
- Developed and deployed scalable front-end architectures, resulting in a **30% reduction in page load time** and enhanced **WCAG 2.1 accessibility compliance**, while collaborating with cross-functional teams across design and backend.

Python Programmer

Codtech IT solutions   **August 2024 – September 2024, Hyderabad**

- Attended structured Python programming classes covering basic to advanced topics, completing **20+ hands-on exercises** across core concepts like functions, OOP, and file handling.
- Practiced coding regularly after each session, solving **30+ real-world problems** to reinforce logic-building and syntax accuracy.
- Developed a simple calculator using Python.
- Designed a student grading system that automated grade calculation.
- Gained experience in debugging and optimizing Python code, improving script performance by **up to 25%** in selected assignments through code refactoring and error handling.

EDUCATION

Bachelor Degree

Minor in Computer Science and Engineering · Anurag Engineering College · Ananthagiri , Kodad · 2026 · 8.38
- Successfully completed a 1-month Full Stack Development training by Elbert Solutions with 50+ peers during the 6th semester of B.Tech.
- Completed 10+ coding assignments and a major project entirely on a mobile device due to lack of a laptop.
- Presented the final project, received public appreciation from the Managing Director, and was awarded a laptop and a 3-month internship offer.
- This recognition became a key milestone, boosting confidence and deepening my passion for technology and learning.

Intermediate

Minor in Mathematics · Vagdevi Junior College · Miryalaguda · 2022 · 8.25

SKILLS

Technical Skills: HTML, CSS, JavaScript, Git, React JS, MS-Office, MS-Excel, Python
 Languages: English, Telugu
Hard Skills: Content Writing, Creative Writing, Data Entry, English Proficiency (Written) , English Proficiency (Spoken)

CERTIFICATIONS

Introduction to Prompt Engineering

LinkedIn Learning · 2025
- Learned about **few-shot learning, zero-shot learning**, and context optimization techniques.
- Developed confidence in interacting with tools like **ChatGPT, DALL·E, and other LLMs**.

Data Analytics and Visualization Job Simulation

Accenture · 2025
- Completed a **real-world job simulation** covering core data analytics tasks using **Excel and Power BI**.
- Practiced data cleaning, manipulation, and visualization techniques.
